MONDAY MORN'G, AUG. 15, 1852. ELECTION MONDAY, NOV. 8.

Whig National Nominations

FOR PRESIDENT. WINFIELD SCOTT, OF REW PERSET.

FOR VICE PRESIDENT, WILLIAM A. GRAHAM, OF MORTH CAROLIXA.

Electors. ELIBRA HARRIS, of Coventry. BAAC P. HAZARD, of Newport, ANOS D. SMITH, of Providence, CHARLES ALLEN, of North Kingstown, HFEvery Tax-paying, bona-fide resi-

dent of Newport, who is at all familiar with the subject, must be aware that it is quite time there was an important and radical revolution in our mode of assessing Taxes. Very great improvement has been made this year, in this respect, -- as much, probably, as could be expected, where so much was necessary to be done. But very much yet remains to be performed; and we trust that, another year, three judicious, fearless men will be selected for this important truet, who will legally assess all the citizens of Newport and the Taxable property therein, justly, fairly und fully according to their wealth and its value. This has not been done in years past, and it is not by any means fully done now. A. B. and C., men who are worth from two thousand to ten thousand dollars are in most instances taxed for the full amount of their property,while those who are worth more than the maximum amount named, are not Taxed for anything near what they are worth, or what they should pay for, cspecially it we regard the matter in an equable and comparative view; we speak now mainly in reference to those who reside here temporarily. We know gentlemen here who are worth lour hundred and five hundred thisusand dollars, who are Tuxed for only about two hundred thousand dollars; then again, we know of other instances where genthemen are only taxed for about one sixth of what they are worth. There is not a single instance where gentlemen who have purchased land here, within a few years past, and have cree ted or are erecting residences upon it are Taxed for anything like what they ought to be. They claim their residences here, and are Taxed here, and they do not pay Taxes anywhere else, that is, on personal property,—although they only actually reside here for a portion of the year; still, they prefer to be Taxed here for all their property, because their Taxes are very much lower, even if they pay on the whole amount they are worth, than what they have heretolore paid in the cities. But, us they have thus for been taxed here, it is a very important consideration for them, as they save yearly some thousands of dollars. It is urged by some that if we Tax these gentlemen up to the full monon, or in that proportion which our own citizens are generally taxed, they will leave the place and go elsewhere; suppose they do? we say let them go where they can be better suited. We do not court adventure or speculation; if these gentlemen locate here, it is because it suits their own convenience, and not because they are so philanthropic that they have a desire to benefit the people of Newport. But this is all idle talk. If ha'se gentlemen are taxed as they ought to be, they will not leave Newport on account of it,—for if they go claewhere, they will only fare worse and be taxed more heavily. We simply ask for equality in this matter .--These gentlemen are buying lots, new roads are constantly being opened for their accommodation and these have to he laid out, improved and repaired,and all this greatly increasesour Taxes. The Town voted five thousand dollars, in the Spring, for the repairs of streets and an equal amount will probably have to be appropriated yearly, for some time to come, for the same purposes. These gentlemen are more immediately benefitted by these outlays than any one clse, -- therefore, we say let them pay their full proportion of the expence, no cording to what they are worth,-we ask for nothing more. Tax them up fully for what they are reputed to be worth; if they are over taxed, let them go before the Assessors according to law, and swear to what they are worth -and then they can only be assessed for that amount, whatever it may be.-Our Tax this year is nearly twenty-five thousand dollars, the largest Tax by ten thousand dollars, which has ever been ordered, and yet it will fall shore about two thousand dollars of meeting the current expenses of the fisca year; thus we are yearly increas ing our Town debt, notwithstanding the annual appropriation of one thousand

dollars which is made toward the liquid ation of that dobt. Our simple desire

is that the Town debt may be gradually paid of, and that the annual Tax shall be such as will meet all the necesthat this Tax shall be justly apportioned among all, regardless of fear or lavoritiem, of any kind whatever. In order that our renders, and especially our Taxes are increasing, mainly in consequence of the increasing popularity of Newport as a fashionable wateringplace, we subfuln a table showing what the Taxes have been for the last twelve years; this will give a clearer and more adequate idea of what we wish to accomplish, than whole columns which we might write, could do :---

че ши	gni write, cour	u uu :
CAT.	Amount of Tax	cts on hundred dolls

Thus it will be seen that, twelve years ago, our Tax was about Seven thousand dellars; this year it it is nearly twenty-five thousand dollars, being ten thousand dollars more than last year; and all this is without any increase of business,-this enlargement of the Tax has been mainly caused by the Public Schools and opening and laying out of new streets, -- principally the latter. It is a matter which requires the attention of our citizens, and we lay these facts and suggestions before them for the purpose of assisting, if possible, to remedy the evil of which we complain, at the proper time. We shall refer to the matter again, at some future time.

IFI Bennett could have looked in at Ocean Hall, Friday evening, he would have been compelled to acknowledge himself the lather of falsehood-tellers,-for there has never been such a Hop in Newport as took place at that time at the Ocean. The Hall was literally full, and the ladies made a truly splendid appearance; they were all dressed in excellent taste, "in Incl. we have never seen so much good judgment displayed in this respect, on any other occasion of the kind. But amid all this dazzling array of beauty and loveliness, no impartial observer could help admitting into the panie as a value medical volume in the panie as a value medical volume in the panie as a value medical volume in the panie as a value medical value per panie as a valu advantage, or won more sincers and upproving smiles. Many a heart beat audibly as she glided by them, and many a voice earnestly and feelingly gave utterance to those magic and myslerious words,-Ach und Krach!

69- We call attention to the Concert by Madame Widemann, assisted by Mons, Genibrel and Benor Bassini, udvertised for this evening, at Ocean Hall, This distinguished Vocalist is a native of France, and a member of the Academy Royal of Paris. Site comes among us with the highest testimontals; and by the Southern press is commended in the warmest terms. At her benefit in New Orleans, at the close of a long and brilliant engagement, the audience, excited to the highest pinch, loaded her with boquets,-and when, at the fall of the curtain, she was called out to recieve the niest hearty applause, the floral shower was renewed; -- and when these testimumais were exhausted, gentlemen of distinction threw upon the stage their hats, canes and gloves - and the ladies, melted to tears by the touching scenes of the Opera, throw at her feet their handkerchiefs and jewels. It was an occasion of deep feeling and thrilling intercet; and a triumph of which even Madame Widemann, the fostered pet of royalty, may well be proud. We hope our readers will avail themselves of this rare opportunity to hear one of the most finlahed artists who has ever visited our Mr Lewin & 1 NY SK George country-a true woman, warm-hearted and faithful, and examplary in all the relations of life.

Madame Widemann will be assisted by Bassini, the distinguished Violinist and Mona. Genibrel of the royal Acad: emy of Music, and the Germanians .--Such talent and such a programme ought to fill the Hall to its utmost ca-Let every one procure tickets early, and thus be certain of securing scale.
